TeamSeek - What is It?

TeamSeek is a web application that allows users to post on projects and automatically finds and suggests members to the project owners.

TeamSeek also serves as a place for users to find projects that they are interested and sign up for it.

TeamSeek - Goals

- Allow users to share their ideas.
- Integrating with GitHub for user's management.
- Allow users to make a profile so that project owners can invite them to join.
- Allow users to update their skill sets with levels (Beginner, Intermediate, Expert).

TeamSeek - Goals (cont'd)

- Suggesting users with the skill sets that the projects required to the project owners.
- Allow users to apply to a particular project.
- Allow project owners to invite a particular user into project.
- Allow project members to contact each other in as a group.

TeamSeek - Goals (cont'd)

- Find users who are close to the users so they can meet face-to-face.
- Seeing what projects a particular user has worked or is working on.
- Showing/changing the progress of a project.
- Searching for users based on name/username/email/skill sets.

TeamSeek - Accomplishments

Allow users to share their ideas

The screenshot displays the TeamSeek web application interface. At the top, the 'teamseek' logo is on the left, and navigation links for 'Home', 'My Profile', 'Support', and 'Log Out' are on the right. A search icon is also present. The main content area features a form for sharing ideas with fields for 'Project Name' and 'Short Description', and a 'Continue' button. To the right of the form is a 'Notifications' panel showing 'No new notifications'. The footer contains links for 'About', 'Contact', and 'Terms of service', along with copyright information and social media icons.

But I must explain to you how all this mistaken idea of denouncing pleasure and praising pain was born and I will give you a complete account of the system, and expound the actual teachings of the great explorer of the truth, the master-builder of human happiness.

No one rejects, dislikes, or avoids pleasure itself, because it is pleasure, but because those who do not know how to pursue pleasure rationally encounter consequences that are extremely painful.

Nor again is there anyone who loves or pursues or desires to obtain pain of itself, because it is pain, but because occasionally circumstances occur in which toil and pain can procure him some great pleasure.

To take a trivial example, which of us ever undertakes laborious physical exercise, except to obtain some advantage from it?

But who has any right to find fault with a man who chooses to enjoy a pleasure that has no annoying consequences, or one who avoids a pain that produces no resultant pleasure? On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee

TeamSeek - Not Accomplished

- Find users who are close to the users so they can meet face-to-face
- Searching for users based on name/username/email/skill sets

TeamSeek - Technologies

- CherryPy - backend development
- Python - backend development
- CSS/HTML - Front end development
- Javascript - Front end development
- PostgreSQL - Database storage

TeamSeek - Challenges

- New technologies (Python, Javascript, CSS)
- Developing as a team (writing codes)
- Designing user interface

TeamSeek - Project Management

- Keep reminding team members about deadlines
- Meeting 3 times/week with the 3 questions
 - What have you done?
 - What are you doing?
 - Is there any challenge?
- Give a guideline on how to complete a certain task if the member was stuck

TeamSeek - Enjoyments

Things we enjoyed:

- Learning a lot when working as a team
- Sharing knowledge and ideas
- Communicating with each other while coding
- Working on something big
- Fun!

Things we didn't enjoy:

- Tight schedule, busy everyday
- Mostly enjoy this project :)

TeamSeek - Lessons Learned

Things worked and will keep doing:

- Keep reminding teammates about deadlines
- Divide tasks as small as possible
- Labeling who is doing what to avoid doubling the work
- Communication is key

Things didn't work, and will stop doing:

- Making too many assumptions
- Making big changes close to the end of Sprint 3
