

Sprint 2 Plan

Product name: Teamseek

Team name: Teamseek

Sprint completion date: 18th February

Revision number: 1.2

Revision date: 3rd February

Sprint goal: Add functionality to broadcast your project to potential project collaborators, and find projects to work on that are relevant to your skill level.

For all the task history, including who did each task, when they did them, when they were assigned, and how long they took, see our team's trello page.
